Dear Sharlene,

Angus' Wish

On behalf of [Make-A-Wish® New Zealand](#) please accept our sincere thanks for your generous assistance with Angus' wish. Angus is a 12 year old boy from Rotorua whose *one true wish* was to go to the Bledisloe Cup game in Sydney and to meet the All Blacks!

[Make-A-Wish](#) grants the wishes of children (3-17 years) with life-threatening medical conditions to enrich the human experience with hope, strength and joy. We could not make the wishes of seriously ill kids as special and memorable as they are without the generosity and kindness of people and organisations like you.

Thank you so much for providing Angus and his family insurance for their trip to Australia. With your help, Angus was able to fly to Sydney to watch the All Blacks win the Bledisloe Cup. Angus also had the opportunity to attend the captains run, where they were able to watch the team train as well as meeting some of the players afterwards! Having the opportunity was amazing for Angus and his mother has told me Angus was ecstatic during the whole trip.

Granting a wish creates a piece of pure magic which can provide an escape for children and their families facing the most challenging times. It is comforting to know we have friends, like you in the community willing to support [Make-A-Wish](#) and our many wish families. Your generosity and contribution was invaluable.

Thank you for sharing in the power of a wish!

Best wishes,
